DEDICATION

To James K. Vogelgesang, a man whose sincerity, fairness, and splendid ideals, coupled with his manifest civic interest, have been so genuine as to have won for him the respect of the community and the praise of the student body, we, the class of nineteen hundred and fifty dedicate our year book.

PREAMBLE

May our student memories of the Green and White remain in our hearts and minds and may our quest for knowledge never end. The people, the activity, and the accomplishments of our school are presented in this year book of the life at Criders-ville High.

IN APPRECIATION

Our school board meets the first Tuesday in each month. In its hands are the affairs which most closely pertain to the operation of our school.

While it is an honor to be elected to the responsible position of a board member it is also one to which is attached much work and little gratitude. Good school boards are public benefactors and the utmost care ought to be exercised by a city in the selection of the men who are to manage its scholastic affairs. The annual wishes to pay due tribute to the body of gentlemen which administrates the school of Cridersville.

HIGH SCHOOL

FACULTY

We wish to congratulate the faculty for their splendid work. They have given freely and unquestioningly of their time, they have endeavored to visualize the future for us, they have graciously consented at all times to give of their time, skill, and training that we and our school may profit through their knowledge. With reassuring words they have encouraged us when we were dissatisfied and restless. They have met us more than half way in a splendid spirit of unselfishness.

CLASS HISTORY

As our school days come to a close, we think back to a September day in 1938, when the day we looked forward to finally arrived. There were 20 frightened children who entered Miss Geist's room in the old school building. Of those frightened children who have remained with us since the first year, we have: Dick Stevens, Howard La Rue, Nancy Winget, Carl Hall, Jean Reichelderfer, and Peggy Snider.

The second year found us in our present building. We thought we were something! A nice new building and we had advanced to the second grade. Miss Hall was our patient teacher who helped us through the second, third, and fourth grades. During this period of time we gained two new students. Ragenna Smith from Elida and Josephine Rohrbacher from Whittier. We also gained much knowledge in reading, writing, arithmetic and spelling. We thought we were pretty well prepared for the fifth and sixth grades.

The fifth year of school brought us many new things, including a new teacher. Mrs. Wauben taught us many new and difficult things. We all thought she was a pretty swell teacher. Mrs. Wauben was also our sixth grade teacher. She helped us prepare ourselves for "Junior High." During the fifth year of school we gained one new classmate, Maryellen Bowhser, from Carey.

Then came the time we had all been waiting for. We moved upstairs and had a nice, big study hall for our homeroom. We gained three more pupils during the seventh grade: Jack Davis from Wapakoneta, Melvin Snider, and Doris Davidson. Mrs. Corderman was our advisor. It seemed rather strange to us at first, moving from one room to another and seeing older classmen every day.

In the eighth grade we were all busily preparing for high school. Miss Heacock was our new teacher, and we gained Larrie Hoak who came from Lima Central.

Initiation!!! That was the most remembered event of our Freshman year. We certainly looked silly in that long, scratchy underwear. New classmates who joined our class were Gene Church and Helen Mault. Our advisor was Robert Crites. New subjects appeared--the hardest of which was algebra.

Mr. Crites was still our advisor as we became Sophomores. He also directed our first play "The Dust of the Earth", which was a huge success. Three pupils entered the

CLASS HISTORY (CONT'D.)

class: Jane Mitchell from Lima South, Tommy Graham from Perry, and Bea Howell from Wapakoneta. We studied about a new science, which was biology. Wasn't dissecting frogs fun?

The next year found us doing many things under Mr. Basinger, our Junior Class advisor. We sold candy at school and at basketball games, gave "Amazing Gracie" as our class play, and treated the Seniors to a Junior-Senior Prom. Our class was the first to give both a dinner and dance in honor of the Seniors.

This year is the year we have worked for for eleven years. It certainly has been a busy one. Our play, "Now and Forever" was given under the direction of Mrs. Dupler who was also our advisor. Now that our school days are coming to an end, the following classmates still remain: Maryellen Bowsher, Gene Church, Doris Davidson, Melvin Snider, Bea Howell, Dick Stevens, Helen Mault, Jack Davis, Jean Reichelderfer, Janie Mitchell, Larrie Hoak, Nancy Winget, Josephine Rohrbacher, Carl Hall, Howard La Rue, Ragenna Smith, Tom Graham, and Peggy Snider.

PROPHESY

West Main Street
Cridersville, Ohio

Dear Mrs. Dupler:

May 19, 1955. Yes, although it seems impossible, it's been just five years since we, the class of 1950, left the hallowed halls of Cridersville High. Some of us left school with very definite ideas of what we were going to do; others of us were a little less certain of what we were going to do, but none the less eager. But we all had one thing in common and that was to make a success and be happy in whatever we decided to do. I've often wondered just where we all would be after five years. So this morning while on my way to work, with my mind five or six years away at Cridersville High, I suddenly stopped for there before me was a sign which read, "Madame Fifi, Fortunes Told." Perhaps it was spring fever or maybe just curiosity, but anyway I went in. I stepped into a candle-lit room which was very Oriental in appearance, and was confronted by a very old woman who was also very Oriental in appearance. Feeling a trifle silly I explained to her that I wanted to know what my former classmates of five years ago were doing. She smiled a toothless smile and seated me at a small table with a crystal ball on it.

The first person who came to my mind was Nancy Winget, so I asked her about Nancy. She then made some weird motions over the crystal ball and there as plain as anything I saw a darling little house and inside was Nancy with her husband and the twins that she had always wanted, while outside was a brand new Cadillac convertible. I then saw another vision; this time it seemed that she was working in an office; just what she had wanted. Well, it certainly seemed Nancy had everything that she had wished for.

The next person who came to my mind was Dick Stevens, whom I asked about, and again a picture came to the crystal ball. There was Dick looking very handsome in an officer's uniform, in full command of one of the Navy's largest ships. It seems that he is a very important person now, of whom we can be proud.

The next person whom I asked about was Maryellen Bowsher and accordingly a picture of her immediately formed. Maryellen had also accomplished her ambition, to be a radio announcer; and she is the best in the business for you certainly can't have the radio on for any length of time without hearing her impressive voice. Maryellen has proved herself of much merit.

Then I remembered the three boys who wanted to go to Alaska, and I asked about them. And, there sure enough, I saw them all in Alaska; Jack Davis and Carl Hall own their own homesteads and becoming quite prosperous and well-known, truly a valuable asset to their country for they are really doing a fine job of building a country out of a wilderness. However we hope that they may someday return to the United States. Melvin Snider was sent there by the A. F.L. as an engineer after he completed his training. He is one of the most competent and indispensible men in the business. He has succeeded in many tasks where others had failed.

After that I asked about Josephine Rohrbacher whose ambition was to become a teacher. I asked, and the crystal ball showed all. Josephine had completed her four years training at Bowling Green State University with honors, as she did at Cridersville, and is now teaching at Central High School. She looked as if she were very happy and very competent. Josephine is a recent bride of one month. So she too has made a success of her life.

Then just for the fun of it, I asked to see Tom Graham, for I had already heard a great deal about him. Then sure enough, the scene again changed and there was "Casey" Graham at the bat for a hit that would bring a home run. Tom is almost as big a name in baseball as Babe Ruth and Joe Do Maggio. If you've never seen him then you have really missed something.

Well twins certainly seem to run in our class, for when I asked to see what Peggy Snider was doing now, I saw an adorable little house in the suburbs and in it were Mr. and Mrs. Dale Satterfield with their new twins. They all certainly looked very happy. So Peggy has also achieved her ambition, to marry Dale.

When I asked about Howard LaRue the scene changed to a large and modern garage which looked very efficiently run. I was very pleased to see Howard was not only in charge but was full owner too, and to add to it he also held an Oldsmobile franchise. If we thought Howard proficient in the care and workings of an automobile in school, he is even more so now. Howard is also happily married.

The next person I was courious about was Jean Reichelderfer. She was the girl who had planned for five additional years of schooling after graduating. So when I asked about her, the scene again changed, this time to a large hospital in Cleveland where Jean was just finishing her nursing course and with honors too. Due to her diligence in her books she will have a fine career soon and will make her mark in the world.

Gene Church was the next person about whom I asked and While gazing into the crystal ball I saw an immaculate hos-- pital, or rather I should say animal hospital. There among all the various animals was Gene very capably attending to an injured dog. Noticing his proficiency in this it was no wonder that he has so many customers and is becoming so pros-perous. Oh, by the way Gene is not in Lima any more but in Toledo with his wife and family.

I then recalled an old friend Janie Mitchell and accord-ingly asked about her. This time I was looking at a mag-nificent building whcih looked like one of Cecil B. DeMill's more elaborate movies. Inside were stylish women stepping around like soldiers performing their various tasks. Then Janie came into the scene and it was clear then that this was the beauty salon that she had always wanted to own. Janie is also happily married and her home is in the suburbs.

Ragenna Smith was the next old friend that I asked to see. Ragenna is a very efficient nurse now in one of our new modern clinics. She has only been there two years after completing her nurses training at Memorial hospital but even now she is one of their head nurses. Ragenna too, is very happily married now and leads a full life.

When the crystal ball showed Bea Howell I saw that she too had achieved her ambition. Bea married a very wealthy man and is living in a beautiful house with him and her two children. So although Bea did not go into the nursing pro-fession that she had orginally planned on, I am sure that she doesn't regret it at all since she is so happily married.

The crystal ball then showed a picture of deep, dark Africa. Yipes! I thought, who is down there but a lot of savages? Then a picture of Helen Mault came to view. Helen had completed her training at the Seminary, married a mis-sionary and moved to Africa to carry Christanity and civil-ization to the natives.

Well the crystal ball changed again and there was Doris Davidson, holding a very important job as head-operator of the Lima Telephone Company. She is really doing a fine job and since she took over the telephone workers they have be-come even more efficient. So Doris is certainly rendering all of us a great service.

Well that concludes the where-abouts of the Seniors of 1950. Of course the crystal ball might have been a fake but since it showed such wonderfull things for all the seniors I would like to think it was all true. What do you think?

Yours for old times,

Larrie Hoak

I LOVE TO TELL THE STORY
I love to tell the story,
Of unseen things above,
Of Jesus and His glory,
Of Jesus and His love.
I love to tell the story,
Because I know 'tis true,
It satifies my longings,
As nothing else could do.

I love to tell the story;
'Tis pleasant to repeat,
What seems each time I tell it,
More wonderfully sweet.
I love to tell the story,
For some have never heard
The message of salvation
From God's own holy word.

I love to tell the story;
To those who know it best,
Seen hungering and thirsting
To hear it, like the rest.
And when, in scenes of glory,
I sing the new, new song,
'Twill be the old, old story,
That I have loved so long.

I love to tell the story,
'Twill be my theme in glory,
To tell the old, old story
Of Jesus and His love.

NOW THE DAY IS OVER
Now the day is over
Night is drawing nigh
Shadows of the evening
Steal across the sky.

Jesus, give the weary
Calm and sweet repose
With Thy tenderest
blessing
May our eyelids close.

When the morning wakens
Then may I arise
Pure, and fresh, and
sinless
In Thy Holy eyes.
A-men.

THE NEW LIFE

We are standing on the threshold,
we are in the open door.

We are treading on the border of
a land we never trod before.

Another life is opening, another
life is gone.

We have passed the darkness of the
night, we're in the early morn.

We have left the fields behind us
o'er which we scattered seed;

We are passing into the future
which none of us can read.

We hasten to fresh labor--to

Let's bid our new life welcome,
and let our old life go!

UPPERCLASSMEN

"Oh for the day we can be Seniors", has been said by many of the Freshman, Sophomore, and Juniors. While in these grades students do not hesitate to think of the pleasure they are having. Once out of school, they will realize that never again will such a wonderful opportunity face them.

We sincerely hope for the best of luck to these students in their school work, and the many other activities involved.

GRADE SCHOOL FACULTY

The children pictured here are but merely beginning their long journey to that distant day of graduation. And although at times they are perhaps overlooked in favor of the high school, we must remember that even now they are important for they represent not only the future of Cridersville High but they also represent future citizens of our country. How-whatever success these children may achieve, they owe it all to the patience and wise guidance of the teachers in these early years. For they could not base any higher education without the basic foundation of learning which these teachers have so carefully laid.

Our band was newly formed this year under the instigation of Mr. Vogelgesang and directed by Mr. Smith. Even though they are but newly formed they have made tremendous strides in their playing. We indeed owe a debt of thinks to these boys and girls who have so diligently applied themselves that Cridersville might have a band. A group of mothers have organized for the purpose of aiding the band. We wish to congratualte these mothers for their fine help. We also wish to congratulate the P.T.A. for their finicial contributions by organizing the mile of pennies.

SCHOOL PATROL

Darrel Chapman, Morris Spees, Mr. Basinger, Gordon Lowry, Jimmy Roser, Ronnie Spyker, David Smith, Donny Mooney.

These boys and their supervisor, Mr. Basinger being aware of the high toll of lives taken each year by traffic accidents have unselfishly voluntered their time and services that no lives may be lost here at Cridersville. Each noon and after school they may be seen directing traffic and helping students safely across the streets.

ACTIVITIES

Although Cridersville is a fairly small school, she has proven herself none the less active. Our students are all given an equal chance to participate in plays, clubs, etc. The following pages are a record of the activites which we have participated in.

SENIOR CLASS PLAY

On Friday evening, May 21, 1950, the Senior Class of Cridersville High School presented the annual Senior Play. The name of this play was "Now And Forever".

The play is centered around Ellen Smith, (Jean Reichelderfer) who has worker for years, trying to keep the family of Pierces together after the death of their mother. Minerva, (Maryellen Bowsher), comes over to visit "Aunt Ellen", and tries to talk her out of working so hard for such an unconsiderate family. George, (Jack Davis), is trying to build some houses and to receive the money from the banker Mr. Bushfield, (Howard La Rue). Jennifer, (Peggy Snider), and Harlan, (Carl Hall) make the play entertaining when they don't get in till 1:00 A. M. causing George and Bushfield to get in an argument. Tommy, (Tom Graham) and Virginia, (Nancy Winget), add laughs to the situation with their childish remarks. Mother Pierce, (Ragenna Smith) is very upset with the whole situation, but in the end is very satisfied with everyone. When the play is about to end, Jim Halloway, (Melvin Snider), Ellen's suitor, comes and asks here hand in marriage. Finding out that Minerva is his daughter, she is very pleased to have Minerva as her step-daughtor. George gets the option, and is able to build the houses, leaving everyone in a very wonderful situation.

JUNIOR-SOPHOMORE CLASS PLAY

The Junior-Sophomore annual class play was presented on May 5, 1950. The play was a three act comedy, entitled, "Brothers of Belinda."

In the play Belinda (Dorothy Stass) always takes the girls' boyfriends away from them, then she turns them down when they get serious. Belinda's Aunt Sarah (Gay Keller) wanted to teach Belinda a lesson, so she had Alvin Jones, (Wayne Beerbower) a friend of hers, pose as a famous explorer. He was to ignore Belinda; but it so happened that Belinda and Alvin fell in love. Arlene (Harriet Wolfe), Janice (Shirley Roser), and Sally (Helena Ritt), tried to monoplize him. They could made Belinda jealous. The girls also wanted to make Brooks (Glenn Smith), Gordon (Richard Bice), and Wilmot (Ronnie Owens) jealous, so they wouldn't run to Belinda and to make the boys appreciate them more. In the end Arlene, Janice, and Sally finally get together with Brooks, Gordon, and Wilmot. Barton (Bob Schultz) Belinda's dad, brings Alvin back to Belinda, so everything turns out all right.

THE TOM THUMB WEDDING

This was presented by the First and Second Grades on April 5, 1949, at a P.T.A. meeting. By popular request, it was again presented for the public on April 29. It was directed by Mrs. Marie Vandivier and Miss Martha Reichelderfer. Mrs. Vernard Motter and co-chairman Mrs. Matt Wauben, and their committee of mothers had charge of costumes.

The cast of characters is as follows:

TOM THUMB MINSTREL

The fourth, fifth, and sixth grade presented a minstrel show on the April 5th and 29th.

The entire show was an attempt of little folks to put on a grown folks entertainment complete with end men, colored minstrels, and white faced chorus, dressed in old-fashioned costumes.

The cast was the entire fourth, fifth, and sixth grades.

THIRD GRADE PLAY

The "Sleeping Princess," was given by the Third Grade in 1949. The cast included:

Top row: Darla Modd, Sandra Sue Lytle, Carol Ann Modd, Pearl Armes, Marcia Davis, Sandra Kiser, Kay Stevens, Linda Lou Metz.

Front row: Fred Howell, Dick Hinegardner, Donna Jean Owens, Dick Frey, Carolyn Sue Baumgardner, Jimmy Sproul.

Billy Sproul, Dick Frey, Roger Lowry, Herbert Plapp, Jimmy Motter, Jimmy Sproul, Donald Lawrence, Norman Layman, Dick Hinegardner, Robert Lambert, Jimmy Bayliff.

Carol Ann Modd did a tap dance.

SPORTS

Athletics are perhaps the most unanimously supported of all our activities at Cridersville. This year we are especially proud of our basketball team as they were runners up for the county championship. But there is more to our sports then just winning or losing; our sports teach us to think and act fast, to be good sports at all times, and to promote school spirit within us.

We would like to congratulate the team on the wonderful work they have done this year. We were very happy to see the team win the semi-final trophy.

It is through participation in our sports program that these boys learn co-operation. They learn to accept defeat as well as victory. This is very important because in later life we will have to face defeat as well as victory.
